Who are we?

The Chatteris Educational Foundation is a non-profit organisation that has been supporting local schools in Hong Kong since 1990. Our programme gives students an opportunity to learn English in an engaging and interactive way and encourages intercultural exchange.

In keeping with our mission, we established our graduate programme so that we could expose our students to English speakers from around the world. All the graduates who participate in the scheme benefit from having a paid opportunity to experience a year of professional and personal development while making a positive impact on the local community.

Our Programmes

Chatteris tutors are placed, full time, in a local Hong Kong school to help improve students' language proficiency by motivating them to learn and use English every day.

Our tutors work alongside the local English teaching staff to plan and deliver lessons and help to organise a number of interactive workshops, tutorials and events which complement the school's curriculum.

Primary

- Students aged 6-11
- Work in local schools throughout Hong Kong
- Deliver a wide range of speaking-focused lessons, as well as contributing to the reading and writing curriculums
- Co-teach with local staff and independently teach small group lessons
- Plan and host extra-curricular activities
- Join school trips, picnics and sports days

Secondary
